PROFESSIONAL EXPERIENCE

Capgemini Technology Services Pvt Ltd – Sr. Consultant FS (Business Analyst) | Oct 2023 – Present

- Led requirement gathering sessions with business stakeholders and product owners to document comprehensive BRDs, FRDs, and user stories for a major Credit & Lending transformation initiative.
- Analyzed end-to-end lending lifecycles across retail and commercial banking, optimizing loan origination system workflows and measurably improving process efficiency.
- Managed the Agile product backlog utilizing Jira, spearheading sprint planning and backlog refinement sessions to ensure timely delivery of prioritized data features.
- Directed UAT and SIT phases for lending platform upgrades, closely tracking defect lifecycles and ensuring high-quality production releases.

Azentio Software Pvt Ltd – Business Analyst | Mar 2023 – Sept 2023

- Translated complex business needs into functional specifications, acting as the primary liaison between lending operations and technology implementation teams for Loan Origination, Management and Collection modules.

- Architected workflows for diverse loan types, incorporating variables such as interest rates, loan tenures, risk assessment, collateral management, and compliance requirements.
- Mapped out the entire loan lifecycle from application and disbursement to servicing, repayment scheduling, interest calculation, and delinquency management.
- Prepared detailed UAT test case documents encompassing scope, risks, and scenarios, and led UAT sessions bridging Business, Operations and IT delivery teams to ensure successful project deployment.

HDFC Bank – Business Analyst | Jul 2020 – Nov 2022

- Collaborated cross-functionally with data engineering, reporting, and technology teams to ensure the accurate implementation of data pipelines and business rules.
- Maintained comprehensive trackers and documentation to monitor project scope, changes, dependencies, and deliverables, ensuring alignment with overarching organizational objectives.
- Created detailed test plans and business process documentation, providing comprehensive training to end-users on new reporting tools and updated lending systems.
- Directed UAT and SIT phases for lending platform upgrades, closely tracking defect lifecycles and ensuring high-quality production releases.

TATA Capital Financial Services Ltd – Credit Manager | May 2019 – Jun 2020

- Done underwriting for Unsecured Loans, implementing robust channel risk management strategies to identify optimal sourcing patterns and mitigate risk.
- Developed and executed strategies for managing non-performing loans (NPLs), optimizing repayment plans, restructuring options and legal procedures.
- Monitored non-starters and cheque bounce trends closely to ensure high portfolio quality and smooth day-to-day cross-functional operations.

HDFC Bank – Credit Manager | Nov 2015 – May 2019

- Managed rigorous underwriting and portfolio management for a broad retail lending suite including Two-Wheeler, Auto, Mortgage, Personal loan, Consumer loan, BNPL and Overdraft products.
- Analyzed vast volumes of weekly, monthly, and annual data to perform root cause analysis on application rejections, formulating optimized policies that systematically reduced rejection ratios.
- Prepared Standard Operating Procedures (SOPs) for credit underwriters, developed training content, and led training sessions to elevate team competence and vendor efficiency.
